OVERVIEW

I am a software engineer that had the privilege of getting accepted into Fullstack Academy's Web Development Fellowship made possible through a partnership with the NYC Tech Talent Pipeline.

I discovered my passion to code because I am a lover of jigsaw puzzles and problem solving came naturally. I enjoy challenging myself and I am ready to tackle complex issues with grace and learning more technologies.

TECHNICAL SKILLS

Proficient

- JavaScript
- Node.js
- Express.js
- Git
- HTML
- CSS
- Webpack
- Sequelize
- PostgreSQL
- Heroku
- React
- React Native
- Redux

Knowledgeable

- Mocha
- Chai
- Express.js
- Firebase
- Expo
- Travis CLI
- TDD
